Aristocrat

(Hybrid Tea)

A DISTINCTLY DIFFERENT NEW VARIETY FOR GREENHOUSE FORCING
Plant Patent No. 903

CARLTON ROSE NURSERIES "Better Forcing Roses" CARLTON, OREGON

Presenting **ARISTOCRAT**

*A "DISTINCTLY DIFFERENT" New Rich Light
Pink Greenhouse Forcing Rose*

HERE IS A NEW LIGHT POWDER PINK ROSE THAT PRODUCES, SHIPS AND KEEPS OUTSTANDINGLY WELL. You'll quickly recognize the possibilities of this long-stemmed, large-flowered, high-productive rose. Aristocrat has all the beauty and appeal of premium roses. Yet, because of its productiveness and keeping qualities, it can be sold in volume at popular prices.

A QUICK SUM-UP OF ITS ADVANTAGES:

USEFUL this light pink, beautiful by itself, can be used everywhere, with almost anything. Blossoms are lovely in all stages; from bud, through half-open, to fully-opened flower. Perfect for cut flowers, bouquets, sprays, table decorations . . . every use.

FRAGRANT . . yes, this new rose pleases the nose as well as the eye. Has an intense, lasting, "old rose" perfume.

KEEPS as long as two weeks in the refrigerator and stays beautifully *firm*. Blossoms open well in water; do not shed or shatter. Fully open flower retains shape and beauty.

SHIPS the big, firm buds are hard to bruise. Even after opening, the flowers withstand much handling, vigorous shaking. With stamens exposed, petals still cling.

PRODUCES . . Aristocrat is a sport of "Pink Delight," yet produces 3 to 5 more flowers than its parent. High-centered, long pointed buds on long, strong stems. Opens to well-shaped blooms of 36 to 40 petals. Healthy, vigorous plants; hardy greenhouse growers; practically mildew free.

SELLS everybody responds to the color and beauty of this new rose. If your market is not already a notable pink rose buyer, perhaps it's because you've never had a really good "pink" to offer. Just try Aristocrat in your rose range and see how your sales and profits climb.
